

MOTHERVINE

Welcome to Mother Vine.

The name Mother Vine comes from a clone of Pinot Noir, the MV6, or Mother Vine 6. Originating from Burgundy's famous Clos Vougeot vineyard, it was part of the collection of grape vine cuttings brought to Australia by James Busby in 1832, and it remains an important clone today in some of our finest Pinots.

The Mother Vine connects Australia with France, and with Burgundy.

Our wine list aims to stay in touch with locals from the regions that surround Adelaide, to explore a few trends in winemaking and wine drinking, and to make the wines that we love available to our customers.

We strive to create memorable moments, by sharing our passion for food and wine, and by making some hard to come by gems available.

We hope you will have the epiphany, that propelled us to seek a career in the wine industry, the realization of how exceptional **Wine** can be, and how it can impact you emotionally, while at Mothervine.

"If not now, when?"

Team MV.

As we believe in giving our highly allocated wines as much exposure and drinking pleasure as possible, we retain the right to refuse the sale of multiple wines of this nature to one single table.

Mother Vine strives to offer wines of provenance to our guests. Some wines may be unavailable from time to time. Ask staff for a recommendation if your first selection is currently unavailable. All our wines are handled with care and stored in our temperature-controlled wine room – the vault. Ask staff if you want to peek inside.

OPTIONS FLIGHT

Test your palate. The options flight is a selection of three wines, poured blind, and presented with a series of multiple-choice questions specific to each wine. Test your skills by attempting to select the country, the region, the variety and the vintage. For those that are confident, select the producer for a bonus prize. Flights are changed regularly so come back next time for another try.

HALF THE SIZE, TWICE THE FUN – 375ml

Size is important, but sometimes good things come in small packages. And as a wise person* once said, sometimes 750ml between two people just isn't quite enough. So, like a good slip fielder, take the half-chances when you can, and don't be caught out with too little, or too much. Here they are, small but beautiful...

prōterō

"Fiona and I signed the contract for Protero - Frank and Rosemary Baldasso's Gumeracha vineyard - in late December 2019, little knowing of the fury of the season that was to follow. We remain in quiet admiration of those who defended it so bravely, and are responsible for its continued existence.

We were initially attracted by the five clones of Nebbiolo planted in 1999, which we had been working with since 2005. The balance was Chardonnay, Pinot Noir, Merlot and Viognier, varieties of little consequence to us. We have since replanted to Gewurztraminer; Pinot Grigio and Riesling with Barbera, Dolcetto and a lot more Nebbiolo to follow. These are varieties we love to drink and, we feel, have a better affinity to the site, and further, the region.

We are moved by the bravery behind the history of this vineyard. Our own small act of courage is to try and invest this special place with a new sense of potential. Ultimately, it will be Protero that decides which varieties it most faithfully expresses."

Flight of 3 for \$20 - 50ml of each wine

2023 Protero Pinots

"I asked the question: can I make Pinot Grigio more interesting? I found the answer in blending three varieties from the same family each adding a layer of complexity that couldn't be found individually. I liked the result and planted a vineyard to create a true field blend that speaks clearly of it's home in our part of the Adelaide Hills. Deeply complex, concentrated Pinot Grigio." SCP

2020 Protero Barbera

"The International flavours of Barbera make it an ideal accompaniment to the Australian way of life, be it the food we eat or our support for the underdog. It may come second to Nebbiolo in its native Piedmont but that doesn't mean its short on authenticity or character and in many ways is my preferred variety for everyday drinking." - SCP

2021 Protero Nebbiolo

"There really aren't many places outside Piedmont where Nebbiolo has translocated well. This vineyard is one of those places and I am confident in stating that it may well be the ideal red grape variety for the region." - SCP

CHAMPAGNE

AYALA

MAISON FONDÉE EN 1860
AY - FRANCE

Mothervine is proud to be an Ayala House.

Founded in 1860 by Edmond de Ayala, Champagne Ayala is an independent, family-owned Champagne house in Ay, in the heart of the Grand Crus. A pioneer in the creation of low-dosage wines, Champagne Ayala stands out by its purity of style. Each cuvée expresses the elegance of the Chardonnay, Ayala's signature grape variety. All the wines are crafted on the site from a diversity of 70 crus from all over the Champagne region, 50 of which are Chardonnay. Micro vinification in small stainless-steel vats produce blends of the utmost precision and balance. At Champagne Ayala, blending is an art and purity a signature.

NV Ayala Brut Majeur 25 / 140

Brut Majeur perfectly represents the Ayala style. The Chardonnay, emblematic grape variety, present at 55% in this cuvee expresses all its purity and elegance.

NV Ayala Rose Majeur 140

The Rose Majeur embodies the refinement of Ayala Champagnes. The Chardonnay brings freshness and finesse to this blended rose, composed of 24 exceptional crus.

2015 Ayala Blanc de Blancs 260

2016 Ayala Blanc de Blancs 240

Elaborated in limited quantities, exceptionally during the most expressive years, the Blanc de Blancs brings light to all the elegance and the purity from the Chardonnay of the Côte des Blancs.

MADEIRA

If Madeira didn't exist, we would have to invent it. Picture a remote island in the Northern Atlantic Ocean, some 500km west of Morocco. Isolated and lush, with a sub-tropical climate, it seems an unlikely home to one of the world's most treasured fine wines, one that is as unique as it is long-lived. Based on a handful of local grape varieties, (Malmsey, Boal, Verdelho, and Sercial being the most famous), the wines were traditionally fortified, giving them stability for transport by ship. By chance, the traders learned that warm conditions on sea voyages improved the wines, and gentle heating of the wines was adopted by the producers as part of a method that has been refined over centuries. Stored in old oak barrels in warm lofts, the wines, with high acidity and varying amounts of sweetness, are slowly cured by the warmth and gentle oxidation, gradually maturing into intriguing, complex, and delicious elixirs. The range of flavours is huge, but imagine the dried fruits, quince paste, and walnuts on the cheese board and that gives you a good start. Enjoy!

RIESLING

Riesling is, for many people, the greatest of all white grapes. It gives us brilliant, intense, and age-worthy wines that can be great young or old, dry or sweet. And to top it off, some of the world's best Rieslings are made just up the road in the Clare and Eden Valleys.

German Rieslings are some of the finest white wines of the world. Do not be hesitant based on the old Australian association with sweeter wines, that dry is always better. Riesling with residual sugar is delicious when balanced.

The labeling system and laws of German Riesling production can be a minefield, even for the educated drinker. However, a basic guide to navigating through the levels of sweetness can be eased by following the general categories.

CHARDONNAY – FROM BURGUNDY *Including Chablis*

White Burgundy. The page where most wine makers come to browse when visiting Mother Vine. It is the fastest moving category and as a result the most edited page on the list. Small allocations come in, get listed, then go out and on and on it goes. While some of the more iconic appellations like Meursault, Chassagne Montrachet, Puligny-Montrachet, and the Grand Cru of Montrachet conjure thoughts of prestige and notoriety, there is certainly great value and a number of gems to be discovered in the Village and Bourgogne level.

AMBER / ORANGE / SKINS

Whether you are a fan or not, there is no stopping the rise of minimal intervention wines. One of the more notable trends to fall within this extensive and somewhat undefined bracket of wine making techniques is the inclusion of skins when fermenting white varieties. This results in an orange hue to the wine which, with age, turns to a beautiful amber, a colour akin to the fine Amontillado Sherries of southern Spain. These orange wines, like many modern wine trends, are a revival of methods used in old world regions with a long history of minimal intervention. We take a look at a few local examples as well as what we can from Europe. Give it a try, if you're game...

PINOT NOIR FROM BURGUNDY

The Côte de Nuits, located in the northern part of the Côte d'Or is the limestone ridge at the heart of Burgundy. It stretches from Dijon to just south of the commune of Nuits-St-Georges, which is the regional centre and gives its name to the district. Though some white and wines are produced in the region, Pinot Noir is king here, and is the home of the most premium wines of the world.

BEAUJOLAIS

Beaujolais is coming, and I'm not talking about the nouveau style of Beaujolais that gets raced through ferment and flown around the world by the third Thursday of November, which is not at all coming, at least, not to Mother Vine. 'Real' Beaujolais is what is getting us excited, and this is why: it's super-drinkable, fresh, intense, and delicious, and for the sort of hand-farmed, authentic vin-de-terroir that you can get from Beaujolais, the prices are bang on.

Where is Beaujolais? At the southern end of Burgundy, (not far from the great gastro-city of Lyon) where the ground changes from limestone to granite, and the variety changes from Chardonnay (Pouilly-Fuissé, Macon, etc) to Gamay.

NEBBIOLO

This is the page that the hard-core tannin fiends turn to straight away. Nebb draws a crowd of hipsters, wine bar managers, masochists (the wines can be described as strict) and the curious, lured in to see what the fuss is about. Like Pinot, the essence of Nebb can be a touch elusive, with a combination of delicate aromatics, firm tannins, mid-palate flesh, and a kick of acid pulling everything into line at the finish. Can you really have all that? It's a big ask, but it's definitely the right question.

SHIRAZ

There is no denying that Shiraz is Australia's most famous red wine. Particularly given it is our most extensively planted variety, with approx. 40,000 hectares under vine, which also makes Australia the Shiraz epicentre of the world. It is our largest export to international markets, and as such is what we are primarily known for abroad. Today it is planted all over the country, from Margaret River in WA, to every single SA region and all the way through regional and coastal Victoria. It is also seen in the Hunter in northern NSW, down in Tasmania and even planted throughout the Granite Belt region in Queensland. Very different in style is the Syrah which originates from the Rhone Valley in France. Driven by savoury notes, meatiness, dark fruits and herbal notes, it's a region you'll most definitely want to discover.
